Breach of Contract -

25X1

1. Confirming our conversation of this morning I would appreciate it if one of your people in [] area would get in touch with him in order to collect the \$1,120.71 which he owes the Agency. [] true name and address is being delivered to you under separate cover. 25X1

2. The attached memorandum from Chief, FE states the facts which gave rise to [] obligation. Briefly, under the terms of his appointment, which was effective December 17, 1951 he was to remain overseas for a period of two years but actually he only remained until February 22, 1952. He, therefore owes the Agency for his travel expenses to his overseas post. As he was appointed for overseas duty these expenses include his travel from his home to Washington, his per diem here and travel from here to his overseas post. The return travel from his overseas post is not involved as FE states that [] paid his own way back. The following is an itemized statement of his indebtedness to the Agency: 25X1

25X1

Travel Detroit to Washington	\$ 43.76
Per Diem and related expenses	207.23
Travel Washington to San Francisco	173.60
Travel San Francisco to []	625.00
Accompanied baggage (other than tools)	69.12
Tetanus booster	2.00
Total	\$ 1,120.71

3. You will notice that [] is not being charged for his unaccompanied baggage. The reason for this is that FE states that this baggage consisted of his personal tools which he was to use at his overseas post in performing his duties for the Agency. I am also informed that the greater part of these tools were purchased by [] prior to his return to this country. Since neither Finance nor FE has records showing the weight of the tools purchased, it seems that the only thing to do is to write-off the air freight on all of the tools. 25X1

4. If you need any further information do not hesitate to get in touch with me.
